## Railroad Locomotives, Heralds, Replicas, Clipart, and Rail Car Collections

An unlimited selection of heralds, clipart, replicas, custom and other engravings are available on wood and other materials. (glass, acrylics, plastic laminates)

Clipart or replica subjects may be engraved on coaster, display, rectangular, elliptical, or circular plaques of various dimensions.

Standard heralds are centered on coaster size squares of 4"x4" and display sizes of 5"x5" and 6"x6".

Heralds on wood are offered as standard engravings, gold or silver foil embossed engravings, or in true colors with an engraved shadow line.

A clear sealer and finish is applied to each wood item to enhance the natural color shadings and patina of the wood.

Many examples of clipart and replicas may be seen in our concept folder and on our web site. A set-up fee for custom engravings may be required.
